

DRIVEN BY POSSIBILITY™

HEAVY-DUTY & FLEET PRODUCTS:

GATES IS HEAVY-DUTY

SEAMLESS FLEET MAINTENANCE STARTS WITH GATES

Gates is one of the largest OE parts manufacturers and partners with vehicle makers in the design of OE systems. Gates replacement parts will fit and perform just like the original, or even better. Our extensive heavy-duty experience helps keep your fleet on the road for the long haul.

FLEET SURVEY Ask your sales representative about a customised analysis of your fleet's belt, hose, tensioner, and hydraulic needs to optimise inventory, deliver superior performance, and save money.

COVERAGE With the widest coverage of any aftermarket supplier, Gates has the parts you need, when you need them.

PROBLEM SOLVER KITS Gates offers special kits with improved components that solve problems inherent in some OE designs. These kits provide the same OE fit and function, but with significantly improved longevity.

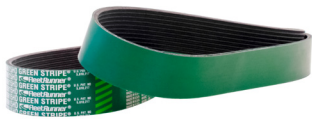

EVERYTHING YOU NEED FOR YOUR FLEET

- FleetRunner™ Belts
- Heavy-Duty Tensioners
- Gates Complete™ FleetRunner™ Serpentine Kits
- FleetRunner™ Hi-Temp Hose
- FleetRunner™ Silicone Hose
- Heavy-Duty Water Pumps
- DEF Hose Assemblies
- Turbocharger Hose
- Hydraulic Hose & Fittings
- Polarseal™ A/C Barrier Hose
- Heavy-Duty Thermostats
- Heavy-Duty Coolant Tubes

ABDS SYSTEM:

GATES HAS YOUR HEAVY-DUTY BELT DRIVE SYSTEM COVERED

All parts in a system are engineered to work in concert and wear at about the same rate. Complete a full repair by inspecting and replacing all components at the same time to ensure proper system function.

FLEETRANNER® HEAVY-DUTY BELTS

- Micro-V® and V-Belts designed for the toughest applications
- Lowest cost-per-mile belt on the market
- More than twice the service life on problem drives compared to any other heavy-duty belt – including OE
- Patented blend of elastomers retain flexibility under high operating temperatures

GATES COMPLETE™ FLEETRANNER™ SERPENTINE KITS

- Specifically bundled for specific applications
- Kits come with all parts as required
 - FleetRunner™ Micro-V® belt,
 - DriveAlign™ Tensioner(s)
 - DriveAlign™ Idler Pulleys
 - Tensioner bolts

HEAVY-DUTY TENSIONERS

- Patented technology for problem applications
- More than twice the service life on problem drives compared to any other heavy-duty tensioners– including OE
- Superior load-carrying capability

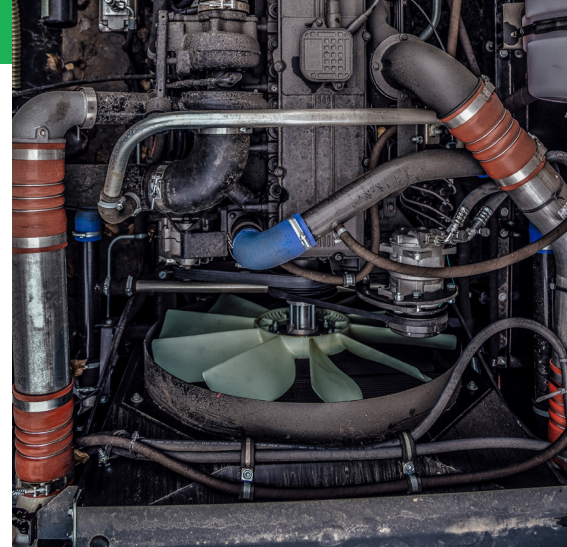

HEAVY-DUTY PULLEYS

- Expanded coverage on OE Exact program
- Include bolts, washers and all OE hardware
- Saves technician valuable time
- OE exact fit but at a lower price!
- Better than OE performance
- HD bearings and product redesign to solve poor performance
- Increase customer satisfaction

TRANSIT BUS BELT TENSIONER SOLUTION

- For makes such as Gillig, Orion and Prevost
- Includes adapter plate for wide range of positioning options
- Gates part number 38655

TURBO CHARGE YOUR FLEET

TURBOCHARGER HOSE KITS

- Specially-designed hose liner to prevent oil seepage and acts as a barrier to hydrocarbons and exhaust gasses
- High temperature silicone hoses designed for Ford, Dodge Ram, Chevy Diesel Truck Applications
- Kits come complete with T-Bolt clamps

AMERICAN LAFRANCE EAGLE FIRE TRUCK TURBOCHARGER HOSE

- OE Exact Design
- Hard-to-find-part
- Continued industry-leading coverage
- Fits 2003-2008 Detroit Diesel 6 Cyl. 14.0L cold side.

COLD SIDE TURBOCHARGER HOSE

- OE Exact hose construction and fitment. Gates is the OEM manufacturer.
- Application specific CAC hose
- Gates exclusive aftermarket product line.

COOLING SYSTEM:

SERVICE THE ENTIRE HEAVY-DUTY COOLING SYSTEM WITH GATES

POWERGRIP® SB CLAMPS

- Maintenance-free clamps that never need retightening
- Eliminates cold coolant leaks
- Works great on silicone hose

POLARSEAL II® A/C BARRIER HOSE

- Suited for hard-to-service apps, long hose runs, and field repairs
- Utilises specifically-designed hand tools
- Attaches fittings AFTER hoses are in place

FAN PULLEY BRACKET

- Designed with high quality bearings and casting materials needed to withstand the stress caused by vibrations and imbalance
- OE Exact replacement brackets ensure an exact fit for a hassle-free installation

HEAVY-DUTY WATER PUMPS

- Complete HD program with over 85 SKUs
- New pumps – no cores
- Warranty - 18 months or 240,000 kilometers/ 5,400 hours
- Complete training program on cooling system and engine corrosion
- 100% functional test of seals / bearings

HD COOLANT TUBES

- Problem solving design
- Gates TuffCoat™ plating solves corrosion issue
- Gates tubing has 10-15% thicker wall than OE to handle the rigors of the application
- Fits popular Freightliner Detroit™ Series 60 Engines

HD THERMOSTATS

- Weirstats™
- Provides faster engine warm-up, stable temperature control, longer thermostat and seal life, improved fuel economy and driver comfort.
- Factory calibration ensures accurate heat control under extreme variations in temperature, load and engine vibrations

FLEETRANNER® HI-TEMP STRAIGHT COOLANT HOSE

- GO WITH GREEN – the durable solution for extended use in heavy-duty trucks
- High temp rating (150°C) provides an alternative to silicone at a lower price

HEAVY-DUTY SILICONE COOLANT HOSE

- Available in 150°C and Severe Service 200°C 3 ft. stick hose
- 45 deg. Elbows – 7 sizes
- 90 deg. Elbows – 5 sizes
- Premium 4-Ply construction

POLARSEAL II® CLAMP ASSORTMENT

- Simplicity, versatility and coverage
- in one convenient kit
- Install A/C Hose Assemblies in field without heavy crimping equipment

HOTLINE™ DIESEL EXHAUST FLUID

- SCR Hose Assemblies
- Carbon fiber heating system provides faster thaw times and more uniform heating than OE
- EPDM cover resists cuts and abrasion for longer life in harsh environments
- Over-moulded quick connects keep out dirt to prevent premature system failure

SPRINTER™ TURBOCHARGER HOSES & ASSEMBLIES

- Multi-layer construction with inner aramid reinforcement for maximum durability and strength
- OE exact couplings and materials; including mounting bracket where applicable
- Hoses handle high temperatures and resist oil permeation
